

TAILORMADE

Sewing furniture specialists

OUR PHILOSOPHY

We know that having the right work station and configuration is important to you, which is why we have designed our cabinets with you in mind. All of our cabinets are designed with functionality and comfort, providing a quality product with exceptional value.

Choose from a range of sturdy sewing and craft furniture, available in 3 finishes to compliment your home. Our range caters to all spaces and work areas with optional extras such as acrylic inserts to enhance your hobby experience.

Tailormade can help make your dream hobby space a reality.

Our cabinets feature:

- Recessed hinges for snag-free sewing
- Lockable castors to easily move and store cabinets
- Mechanical or air lift sewing platforms
- Specialised storage options

Mechanical and air lifts make flatbed sewing a reality

Purchase an acrylic insert for flatbed sewing

Recessed hinges

Lockable castors

Specialised storage compartments

All units are available in Teak, Beech or White

Sewing furniture specialists

At Tailormade, we specialise in sewing furniture. With our furniture, storage solutions abound through the use of specialised trays ideal for threads, bobbins, notions and even a place to hide your extra machine.

Many of our cabinets fold down for easy storage - perfect for those limited by space or wanting a multi-purpose room. Our modular Elements unit can be configured to create multiple setups and can be built upon to create your dream hobby room.

At Tailormade we know everyone is different, that is why we offer 6 sewing cabinets, a cutting table and storage unit to create the perfect setup for you. Ask your dealer about extra heights and left or right options!

What is a mechanical lift?

Many of our cabinets include sewing platforms with a mechanical lift that sets your machine to 3 adjustable levels. This means you can have the machine raised to the highest level for regular sewing or drop the platform to the second position for flatbed sewing. This requires the additional purchase of an acrylic insert that will create a flat surface and remove any gaps for the fabric to fall into - Why is this an extra? - There are hundreds of machines on the market all with different shapes and sizes, simply write down your model make and number and the insert is made to fit your machine perfectly.

The third position is to completely lower and stow your machine when not in use and can be covered using a wooden panel to create an even larger work surface.

What are Tailormade Cabinets made from?

All of our cabinets are made of quality MDF with a wood grain melamine veneer to give a sturdy build whilst offering exceptional value. Available in 3 finishes including Teak, Beech and White you are sure to love your new hobby room.

QUILTER'S VISION

Everything you need in one sewing cabinet - extra large surface, storage caddy and fold down design. Featuring the largest machine platform you will fit the best machines on the market here. The large back leaf is ideal for quilting and keeping larger items under control.

 (W)19.75" x (H)29" x (D)19.75"

Table
 (W)120 x (H)74 x (D)50cm
 (W)47.25" x (H)29" x (D)19.75"

ELEMENTS

Create your perfect sewing room starting with the essential combination of sewing table, storage chest and drawers.

This modular unit is ideal for those short on space or for those who want to create the best setup to suit their needs. Simply add units to create more storage or sewing areas and alter their position to suit you and your space!

Sewing Table

The sewing table features a manual lift to provide the opportunity for free-arm or flatbed sewing.

Storage Chest

Hide your overlocker or works-in-progress with the storage chest. Its deep space will fit most overlockers and the open area underneath lets you store any extra bits and bobs.

Sewing Drawers

Four-drawer storage allows quick access to essential hobby tools and supplies. Lightweight and removable, the trays can move around the room with you, creating an easy work flow.

Features include:

- Units sold separately - mix and match to create your ultimate sewing studio
- Large machine lift platform of 58.5cm x 29cm
- Mechanical lift: flatbed and free-arm sewing
- Recessed, snag-free storage compartments and shelves
- Storage area for books and magazines
- Configure the units to suit you

"The modular Elements system allows ultimate freedom to mix and match your perfect sewing room"

CUTTING TABLE

A perfect addition to any hobby room, the cutting table provides a large stable work surface of 1.8m x 1m. The Tailormade cutting table is available at either 87cm or 95cm height to reduce back fatigue caused by bending. With it's four fold out doors positioned magnetically, the Cutting Table is much more stable than other fold down tables in the market. Utilising this fold down design, you are ensured a tidy work area whilst providing quick access to the storage drawers and shelves. Not just for cutting, the large surface is ideal for preparation work and piecing with enough leg room to sit at either end.

SPECS - Also available with an extra 8cm in height!

Open (W)181cm x (H)87cm x (D)100cm
Extra Height Option: (H)95cm

Closed (W) 51cm x (H)87cm x (D)100cm
Extra Height Option: (H)95cm

"A Cutting Table is the perfect addition to any hobby room"

Doubles as storage even when in the collapsed position!

Easily accessible storage with handy removable trays

STORAGE CABINET

A four drawer compact unit ideal for tidy storage of all your odds and ends. The 74.2cm height matches the sewing cabinets in the Tailormade range to ensure it fits seamlessly into your design. The lockable castors ensure the storage chest moves where you need it for quick access to your tools and notions. Includes four plastic trays that are easily removed and can be placed on your work area for even easier access to items. Simply sort your drawers into different stages of your work process. Ideal storage solution, add as much or as little as your work requires.
